

HELLO!

**Stake Shariah Smart Contract
Ethical Profits & Generous Rewards**

Decentralized Yield Fund in Shariah Way

www.stakeshariah.com

ABOUT **STAKE SHARIAH**

Welcome to Stake Shariah

where modern finance meets Islamic ethics. We offer a groundbreaking Defi platform built on Binance Smart Chain, adhering to Shariah principles.

- Our unique profit-sharing model ensures fair distribution between stakeholders.

Shariah-Compliant Profits At Stake Shariah

we prioritize ethical financial practices. Our smart contract ensures investments are in line with Islamic financial principles. Your profits are generated in a manner that complies with Shariah laws.

DAILY PROFIT **DISTRIBUTION**

Shariah Based Profit Distribution ensures transparency and we provide **0.35% daily profit** Approx.

Profit can always less or more but according to our analysis we mostly stay around atleast 0.35% average, So its not fixed, it will be always variable.

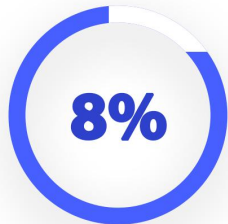

AFFILIATE PROGRAM

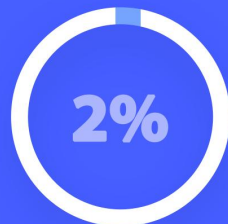

Stake Shariah rewards loyalty and community building. Earn a 8% direct bonus for each refferal, and further, enjoy 2% and 1% bonuses on subsequent levels.

CAPITAL WITHDRAWAL

AT STAKE SHARIAH

we understand that flexibility is key.

01

We offer a unique capital withdrawal feature, allowing users to request the return of their invested capital.

02

Users can submit a capital withdrawal request, and we aim to process it within 72 hours. This ensures you have the flexibility to access your capital when needed.

FEE STRUCTURE

We believe in transparency, and that includes our fee structure.

STAKE SHARIAH REVENUE SOURCES

We generate our profits by investing in different businesses.

Exchange, Spot Trading, Market Making .

EXCHANGE

We Generate suitable profit by exchanging in multiple Fiat currencies.

SPOT TRADING

We mainly invest in Crypto Spot Trading where we generate profits by holding and trading crypto coins.

MARKET MAKING

We are liquidity providers as well. In the process ,we act as market makers and generate profit from every trade where we are providing liquidity.

We provide liquidity to both centralized and decentralized exchanges.
